OUTDOORS

2024 PRODUCT CATALOGUE

HANA 2024 WATERSPORTS COLLECTION

**HANA Outdoors is the watersports and outdoor leasion specialist.
High quality products ate competitive prices.**

HANA is one of the mysterious roads one the island of Maui who leads to the mountain to the waves of the famous Hawaiian island.

By taking the symbolism of this road, we wish to highlight the fun of our offer, our sense of beautiful things and our connection with nature.

HANA Outdoors is a brand of DSD France specializing in designing, technical conception and production of watersports and outdoor leisure products.

Our passion for different outdoor activities and our curiosity, reinforced by our sporting and technical expertise, allow us to offer the general public a range of high quality products at a competitive price

Welcome to the HANA 2024 universe.

HANA Premium SUP PACKAGE

THE "READY TO PLAY" PACKAGE

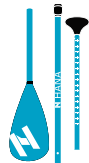

The HANA PREMIUM SUP range is a best seller for a simple reason, it is the family board with the best value for money!

Four well-designed and accessible shapes that allow everyone to discover the joys of watersports, more sporty sessions and the first surfs: a 10'0 for discovery, a 10'6 for the family, and an 11'6 for cruising and a 12'6 for sports enthusiasts. Its dense ULTRA-STITCH construction combines stiffness and durability. Additional handles and stylish accessories provide an ultra premium comfort.

We also added D-rings to attach a kayak seat. For 2023 we have created an ultra trendy design, and optimized the construction and accessories. A real hot board at the best price!

HANA Player SUP Package

HYBRID SUP WING WIND SURF BOARD

Wait a minute, this is a new board that will make people talk about it: the HANA PLAYER board! We have developed THE family board for multiple uses: No more overloaded car when going on vacation! The Player is a hybrid board: SUP, windsurf board, wing surf board, it can do it all and it does it well thanks to its windsurf mat insert, its 2 + 1 removable central fins, its silicone surf rail and its additional PVC reinforcement! All the members of the family find their account there. Sold as a complete pack.

Wings and windsurfing sails are optional, please contact us

HANA Manta Inflatable Boat

THE INNOVATIVE INFLATABLE BOAT TENDER !

Who says all boat tenders have to look the same?
 The HANA Manta is truly innovative!
 This is an ultra -light catamaran shape boat. Its shape allows unrivaled loading space for its size, no more countless back and forth trips. You can disembark directly on the beach from the front, without having to get wet unlike the others. Its glide and marine behavior are much better than classic inflatable tenders. The Manta is made of Sijia 0.9mm PVC and its bottom is SUPER-STITCH dropstitch. With its easy fit and light weight, it fits anywhere. We have added a trim strip under each tube and the handles are covered with removable neoprene foam for maximum carrying comfort.
 Try it, you won't go back!

CONTENT :

HANA Cargo SUP Package

THE SUP THAT REPLACES YOUR TENDER

The new HANA Cargo is the package dedicated to travellers. Perfect on a boat thanks to its ultra-compact format derived from the Trip board: once folded, this SUP takes up 40% less space than a classic board. This board is very wide, stable and easy to transport your groceries and belongings. Want to go kayaking? Its 4 D-Rings allow you to attach an optional seat. Are you traveling together? No problem ! You will love the Explorer because its shape is not only utilitarian, but also fun!

SURF

HANA Inflatable Surfboards

THE SURFBOARD FOR THE WHOLE FAMILY

Are the kids asking for a surfboard? Are you running out of room in your luggage for a family vacation?

We have THE solution. Hana reinvents surfing with a range of accessible and efficient inflatables surfboards.

Its super dense ULTRA-STITCH construction combines stiffness, durability and lightness for an ideal compromise. In addition, we placed a PVC stringer on the hull for even more rigidity. We also added silicone rails on the tail to get as close as possible to the sensations offered by classic rigid boards.

HANA Inflatable Wing Foil Boards

THE BOARD THAT WILL SURPRISES YOU!

The Hana wing foiling board sweeps away all your transportation worries! This board is incredibly compact, light and stiff. Its specifications were clear: to obtain the same level of performance as a classic rigid board. And the result is incredible!

Its double-layer FUSION-STITCH construction offers increased rigidity. The foil plate is made of carbon for optimal sensations and offers integrated carrying handle. It is covered with 2 additional layers of PVC for a perfect hold of the foil. The tail is equipped with a silicone surf rail for a better glide during the navigation phases. Finally, strap inserts are integrated for optimal control. Forget your previous opinion about the inflatable boards!
