OUTDOORS

2025 PRODUCT GUIDE

## HANA 2025 WATERSPORTS COLLECTION

HANA Outdoors is the specialist company in water sports and leisure. High quality products at competitive prices.

HANA is one of the mystical roads on the island of Maui that leads from the mountain to the waves of the famous Hawaiian island.

By taking the symbolism of this road, we wish to highlight the diversity of our offer, our sense of beautiful things and our connection with nature.

HANA is a brand of DSD France company, specialized in the design, technical conception and production of water sports and outdoor leisure equipment.

Our passion for different outdoor activities, reinforced by our technical, logistical and retail expertise, allows us to offer the general public a range of high-quality products at competitive prices.

Welcome to the HANA 2025 universe.

As a company, eco-design is at the heart of our product approach.

Our goal is to reduce the environmental impact of products throughout their life cycle, while creating efficient solutions.

By integrating the environment into the development of our products, our eco-design approach pushes us to constantly innovate and improve.

**Raw materials :**

Find the materials with the least impact on the environment.

**Manufacturing :**

Optimization of manufacturing processes. For example, we favor thermo-bonding techniques over the use of traditional solvents.

**Durability :**

In partnership with our factories, we find solutions to make our products more durable and increase their lifespan.

**Repairability :**

We design products that are mostly repairable, and offer spare parts that are available over time. We also work with repair shops in France.

**We are a responsible company.**

From a societal, environmental and economic point of view, we follow our commitments.

**Societal:**

We select our suppliers based on criteria of compliance with regulations, ethics, well-being at work, absence of discrimination and equality.

**Environmental:**

As producers and marketers, we adhere to and pay our contributions to the ECO-LOGIC (FR319985\_13WDOK) and CITEO (FR319985\_01PEUT) French organizations, and do the same in foreign countries. We promote the recycling and reuse of materials and packaging.

**Economical :**

We ensure sustainable and inclusive economic growth and compliance with legislation.

# CRUISER KAYAK

## KAYAK

THE INFLATABLE KAYAK, BY HANA!

WHEN DESIGNING THE HANA CRUISER KAYAK, OUR TARGET WAS CRYSTAL CLEAR. REPRODUCE THE SUCCESS OF OUR SUPs: ACCESSIBILITY, STABILITY, FUN AND RELIABILITY.

WE ANALYZED THE EXISTING OFFERS ON THE MARKET, KEEPING THE BEST, AND REMODELED IT WITH OUR KNOW-HOW. THE CONSTRUCTION IS IN PVC FOR THE TUBES, AND HIGH PRESSURE DROPSTITCH FOR THE FLOOR. THE CRUISER IS THE BEST RATIO BETWEEN RELIABILITY / PRICE / RIGIDITY & LIGHTNESS ON THE MARKET.

WE HAVE EQUIPPED THE CRUISER WITH HIGH-END ACCESSORIES, AND PLACED ATTENTION TO DETAIL AND FINISHES AT THE CENTER OF OUR CONCERNS.

THE HANA CRUISER IS SOLD AS A "READY TO SELL" FULL PACKAGE AT AN ULTRA COMPETITIVE PRICE!

# BOAT TENDERS

## MANTA 249 INFLATABLE BOAT TENDER

### THE INNOVATIVE TENDER!

WHO SAYS THAT ALL BOAT TENDERS HAVE TO LOOK THE SAME?  
THE HANA MANTA IS REALLY INNOVATIVE!

THIS CATAMARAN TYPE TENDER IS ULTRA LIGHT. ITS SHAPE ALLOWS UNMATCHED LOADING SPACE FOR ITS SIZE, NO MORE COUNTLESS ROUND TRIPS. YOU CAN DISEMBARK DIRECTLY ON THE BEACH FROM THE BOWL, WITHOUT HAVING TO GET WET. ITS GLIDE AND SEA BEHAVIOUR ARE MUCH BETTER THAN CLASSIC INFLATABLE TENDERERS.

THE MANTA IS MADE OF 0.9MM STRONG PVC AND ITS BOTTOM IS A HIGH PRESSURE DROPSTITCH FLOOR. ITS FOLDING IS EASY WITH ITS LIGHTWEIGHT IT SLIPS ANYWHERE. WE HAVE ADDED A RUBGING STRIP UNDER EACH ROD AND THE HANDLES ARE COVERED WITH REMOVABLE NEOPRENE FOAM FOR MAXIMUM COMFORT.

TRY IT AND YOU WILL NEVER GO BACK!

# WINGFOIL BOARDS

THE BOARD THAT DEFIES YOUR IDEAS!

THE HANA PREMIUM WING BOARD SWEEPS AWAY ALL YOUR TRANSPORT WORRIES!

THIS BOARD IS INCREDIBLY COMPACT, LIGHT AND STIFF. ITS SPECIFICATIONS ARE CLEAR: OBTAIN THE SAME NAVIGATION PERFORMANCE AS A CLASSIC RIGID BOARD. AND THE RESULT IS SURPRISING!

ITS THERMO-WELDED DOUBLE-LAYER FUSION-STITCH CONSTRUCTION OFFERS ULTIMATE RIGIDITY. THE FOIL PLATE IS MADE OF CARBON FOR OPTIMAL SENSATIONS AND OFFERS AN INTEGRATED CARRYING HANDLE. IT IS COVERED WITH 2 ADDITIONAL LAYERS OF PVC UNDER AND OVER THE PLATE FOR A PERFECT FOIL HOLD. THE TAIL IS EQUIPPED WITH A SEMI-RIGID PVC RAIL FOR OPTIMAL GLIDE DURING NAVIGATION PHASES. FINALLY, THE STRAP INSERTS ARE INTEGRATED FOR OPTIMAL COMFORT.

FORGETT YOUR PRIORITIES ABOUT THE INFLATABLE!
